

GPUI PDF Reader integration fixture

Page 1 - portrait - RGB blocks above

Select this sentence, copy it, and compare exactly.

Horizontal scrolling appears after zooming in.

Page 2 - Rotate 90

The red marker begins at the unrotated lower left.

The green marker ends at the unrotated upper right.

Rotated text hit boxes must still align with these glyphs.

Page 3 - wide CropBox

Only the region inside the blue outline should be visible.

Cross-page selection should preserve page order.
